

GIGSCORE

ALTERNATIVE CREDIT SCORING FOR INDIA'S GIG WORKFORCE

PRESENTED BY :Team Cult

GIGSCORE

START WITH THE WORKER

MEET ARUN.THE SYSTEM SEES VOLATILITY. WE SEE A PATTERN..

A SIMPLE EXAMPLE OF THE GAP GIGSCORE IS DESIGNED TO CLOSE.

ARUN
DELIVERY PARTNER
3.5 YEARS ON PLATFORM

AVERAGE MONTHLY EARNINGS

₹22,400

INCOME MOVES WITH DEMAND.
WORK HISTORY DOES NOT.

WHAT A TRADITIONAL FILE MAY SHOW

VARIABLE MONTHLY INCOME

LIMITED SALARY-STYLE DOCUMENTATION

THIN / LIMITED CREDIT HISTORY

RESULT: INCOMPLETE PICTURE

WHAT GIGSCORE ADDS

PLATFORM TENURE

RATING + COMPLETION BEHAVIOUR

EARNINGS CONSISTENCY OVER TIME

RESULT: RICHER, EXPLAINABLE SIGNAL

WHY THE GAP EXISTS

TRADITIONAL UNDER WRITING ASKS THE WRONG QUESTION FOR A NON-TRADITIONAL WORKER.

GIGSCORE REFRAMES THE PROBLEM FROM “IS INCOME FIXED?” TO “IS BEHAVIOUR RELIABLE?”

TRADITIONAL LENS

FIXED MONTHLY INCOME
FORMAL PAYSLIPS / ITR
ESTABLISHED CREDIT HISTORY

GOOD FOR SALARIED PROFILES.
LESS EXPRESSIVE FOR VARIABLE GIG WORK.

GIGSCORE LENS

TENURE
RATINGS + COMPLETION
EARNINGS CONSISTENCY
VOLATILITY OVER TIME

THE MODEL DOES NOT ERASE VOLATILITY.
IT MEASURES IT AND PUTS IT IN CONTEXT.

THE PRODUCT

GIGSCORE IS A DECISION-SUPPORT LAYER BETWEEN GIG WORK AND LENDING.

IT CONVERTS PERMISSIONED, MEASURABLE WORK SIGNALS INTO A SIMPLE SCORE + EXPLANATION A LENDER CAN ACTUALLY USE.

GIGSCORE DOES NOT APPROVE LOANS. THE LENDER STILL DECIDES.

HOMEPAGE

GigScore

Behavioural intelligence for gig workers

Home

Lender View

Worker View

● System operational

GIGSCORE

Behavioural intelligence for the gig economy.

GigScore converts observable gig-work behaviour into an explainable supplementary reliability signal.

CHOOSE YOUR VIEW

What would you like to do?

L

FOR LENDERS

Assess a worker

Search for a gig worker and understand their behavioural reliability profile.

G

FOR GIG WORKERS

View your GigScore

Explore your work history, understand your score, and see what influences your profile.

Behaviour-based

Observable work signals

Explainable

Understand what drives the score

Supplementary

Additional context beyond paperwork

Worker-controlled

Workers decide profile access

Prototype notice GigScore is a synthetic-data prototype and supplementary behavioural signal. It is not an official credit score and does not automatically approve or reject loans.

WHAT GOES IN

THE SCORE IS BUILT FROM SIGNALS A PLATFORM OR CONSENTED DATA SOURCE CAN VERIFY.

FOR THE HACKATHON PROTOTYPE, WE SIMULATE THESE INPUTS WITH SYNTHETIC DATA. THE ARCHITECTURE IS DESIGNED FOR CONSENTED REAL INTEGRATIONS LATER.

TENURE

HOW LONG THE WORKER
HAS BEEN ACTIVE

LENDER VIEW

Understand the worker, not just the paperwork.

GigScore converts observable gig-work behaviour into an explainable supplementary reliability signal.

🔍 Search worker by name or phone number

Search

G

Search for a worker

Find a gig worker using their name, phone number, or worker ID to view their behavioural reliability profile.

NAME

PHONE

WORKER ID

WHY THE WORKER BENEFITS

GIGSCORE DOES NOT PROMISE A LOAN. IT HELPS A WORKER BECOME ELEGIBLE TO THE LENDER.

THAT DISTINCTION MATTERS: THE PRODUCT IMPROVES THE INFORMATION AVAILABLE FOR UNDERWRITING; IT DOES NOT GUARANTEE APPROVAL OR SET INTEREST RATES.

TODAY

WORK HAPPENS ON A PLATFORM

THE WORKER ACCUMULATES TENURE,
RATINGS, COMPLETION AND EARNINGS
HISTORY.

THE GAP

THOSE SIGNALS STAY SILOED

A LENDER MAY NOT SEE ENOUGH
CONTEXT IN A CONVENTIONAL FILE.

WITH GIGSCORE

SIGNALS BECOME LENDER-READABLE
THE WORKER CAN SHARE A CONCISE,
EXPLAINABLE RELIABILITY PROFILE
WITH CONSENT.

POTENTIAL WORKER OUTCOME

MORE EVIDENCE

MORE INFORMED UNDERWRITING

POTENTIALLY MORE ACCESS TO SUITABLE FORMAL CREDIT.

WHY THE LENDER WOULD USE IT

GIGSCORE IS VALUABLE BECAUSE IT REDUCES AN INFORMATION GAP.

THE LENDER STILL OWNS THE CREDIT DECISION — GIGSCORE IMPROVES THE SIGNAL FEEDING THAT DECISION.

- 01 **FASTER** A COMPACT DIGITAL SIGNAL INSTEAD OF MANUALLY INTERPRETING FRAGMENTED WORK HISTORY
- 02 **MORE CONTEXT** VARIABLE INCOME IS INTERPRETED ALONGSIDE TENURE, QUALITY AND COMPLETION
- 03 **EXPLAINABLE** SCORE DRIVERS ARE VISIBLE RATHER THAN HIDDEN BEHIND A BLACK-BOX VERDICT

GIGSCORE

+

REASONS

HUMAN / LENDER DECISION

NOT AN AUTOMATIC APPROVAL ENGINE.

THE THESIS

A WORKER SHOULD NOT BECOME LESS CREDIT WORTHY JUST BECAUSE THE FORMAT OF WORK CHANGED.

GIGSCORE IS OUR ATTEMPT TO TRANSLATE REAL WORK BEHAVIOUR INTO BETTER EVIDENCE
—
FOR THE WORKER, FOR THE LENDER, AND FOR A LABOUR MARKET THAT IS ALREADY HERE.
